

WOLF TRACKS

Welcome to my new column – **Wolf Tracks!** My name is Amy and I am the kid reporter for Piñon Valley Elementary School. I play the French horn in band and my favorite sport is golf. In my column, I will feature interviews, reviews or sometimes surveys. If you are a PVE student and are interested in being featured in this column because you have an interesting or unusual hobby, pet or sport, please contact Mrs. Dowlin or Mrs. Simon. I will not be able to interview everyone, but hope to share some unknown talents of our students and teachers.

Here is a review of the Fall Festival 2009: The Fall Festival was held at PVE on October 17th thanks to the hard work of parents, teachers and STAH (CMHS) volunteers. At the fest, kids enjoyed a lot of entertaining activities from fishing to face painting. Adults and children alike shopped at the craft fair, ‘chowed down’ on treats homemade by the staff of PVE and taste tested a fantastic variety of chili.. Erica, a representative from the Palisades who was giving out reusable grocery bags, said the festival was a “great community event, great for all ages!” . Madelyn, a 5th grader, said “It was very fun because they had lots of games for everyone to play. Everyone had a great time. My favorite part was the obstacle course.”

The Fall Festival was great and I would give it a “thumbs up” rating!
